

Schedule A

Canadian Pacific Railway Company Three-Year Rail Network Plan
Revised February 24, 2020

Following is a comprehensive list of all lines in Canada that Canadian Pacific Railway Company intends "To Discontinue" within the next three years. It is an update of the CP Three-Year Rail Network Plan dated November 29, 2016. This list of lines includes all connecting auxiliary track and has an east-to-west orientation based on the Freight Station Accounting Code (station numbering system used by railways for waybilling purposes).
