ATTENTION: ALL VENDORS AND SUPPLIERS OF **CANADIAN PACIFIC**
REGARDING: DISTRIBUTION OF GLOBAL -SAFETY DATA SHEETS (M)SDS

The central (M)SDS repository for Canadian Pacific is currently located at 3E Company at **75 Queen Street Suite 3700, Montreal, Quebec, Montreal Canada**. 3E Company has contractually defined authority by Canadian Pacific to maintain and have readily accessible copies of safety data sheets for each hazardous chemical that Canadian Pacific maintains in the workplace.

(M)SDS distribution for Canadian Pacific should be forwarded to 3E Company . This would include newly purchased products as well as updated versions of (M)SDS. Our employees will be accessing all needed (M)SDS from 3E Company. This program should significantly reduce your workload of distributing duplicate copies of (M)SDS throughout our organization.

3E Company is not infringing on any rights of the vendors or suppliers of Canadian Pacific in regards to the distribution of (M)SDS. 3E Company is merely acting as the “designated representative” on behalf of Canadian Pacific

3E Company's (M)SDS program is designed to help companies fully comply with all global (M)SDS requirements under OSHA, WHMIS, REACH and GHS regulations. If you have any questions, please contact 3E Company at renew@3Ecompany.com or call **514-255-1881**. We appreciate your assistance in increasing our level of compliance and protecting the safety of our employees and our global communities.

Sincerely,

Dave Sissons
Vice President, Strategic Sourcing Group
