SUBJECT: APPROVAL OF TECHNICAL MEMORANDUM; CEDAR SERVICE SOIL RELOCATION

RE: SITE NAME: **CEDAR SERVICE, INC., SHOREHAM FACILITY, MINNEAPOLIS, MINNESOTA**
MDA PROJECT NO: **RWA253128**

Dear Ms. French:

The Minnesota Department of Agriculture (MDA) staff have completed a review of Golder Associates, Inc.'s (Golder) report entitled *Cedar Service Soil Relocation*, dated March 16, 2021 for the Cedar Service, Inc. site (Site) located in Minneapolis, Minnesota.

Based on the review, MDA staff approve the Soil Relocation Report contingent on the incorporation of the following comments:

- Please submit to the MDA a figure and a description of locations where soil was deposited on the Cedar Service site. Please include the graded thickness of deposited soil.
- In order to understand exactly which soils were excavated and transported to the Cedar Service site, please provide excavation depths in Figure 2.

Thank you for your cooperation in responding to this incident and helping to preserve and protect Minnesota's natural resources. If you have any questions on this project, please contact MDA project manager, Lee Zettler at (651) 201-6394 or Lee.Zettler@state.mn.us.

Sincerely,

Lee Zettler, Project Manager
Pesticide and Fertilizer Management Division
Incident Response Unit
