Karlene,

Please find below a response from MPCA concerning the annual summaries going forward. The MPCA has re-issued the attached compliance summary showing no late submissions. They also note that going forward all annual summaries should be sent manually instead of through their automated system which should hopefully stop any future years showing us as being non-compliant.

Hopefully this stops the issues going forward.
Feel free to call me if you would like to discuss.
Thanks
Bryan

Good morning Bryan,

I am able to share an update on your DMR reporting methods. The Agency recommends continuing to complete/ fill out the DMRs as you have been. In order to avoid running into the same issue next year we have added your facility to a

running list of facilities that require manual edits prior to sending the Annual Compliance Summary. Once your permit is reissued we will have the opportunity to alter the DMRs more to your preference. Until then, please continue to fill-out and submit the DMRs as you have been. Attached to this email is an amended 2021 Annual Report. Moving forward all Annual Compliance Summaries will be manually reviewed and edited prior to sending. Let me know if you have any questions.

Thank you,
