Subject: RE: Cedar Service 2021 AMR Approval and Comment Letter

Hello Lee and Stuart,

I hope your new year is off to a good start. Thank you for your review of the 2020 AMR for Cedar Service report. We will provide the requested east-west cross section through the site and the results of the updated receptor survey as part of our 2021 AMR submission. We are working now to resolve some of the well survey issues we have encountered. Some of that work will require a door-to-door followup, which is complicated by the pandemic, but we are committed to closing out these details as quickly as possible.

Thank you, again. K

Karlene A. French
