Project No. 1913523712

Mr. Thomas Reppe & Mr. Matthias Wolf

Minnesota Pollution Control Agency 520
Lafayette Road North
St. Paul, MN 55155

**RE: UPDATE TO JOINT COMMUNITY RELATIONS PLAN
EAST SIDE SHOREHAM YARD SITE, MINNEAPOLIS, MINNESOTA
MPCA SITE ID# VIC 5080, SR 380**

Dear Mr. Reppe & Mr. Wolf:

The original Joint Community Relations Plan for the East Side Shoreham Yard Site (Site) was developed in 2005; from 2007 through 2021, the Joint Community Relations Plan was reviewed and updated on an annual basis by Golder Associates Inc. on behalf of both Soo Line Railroad Company, doing business as Canadian Pacific, and Ashland LLC (Ashland). This year, 2022, it is being updated by Golder Associates USA Inc. (Golder). The last update was submitted to the Minnesota Pollution Control Agency (MPCA) on February 10, 2021.

The Joint Community Relations Plan for 2022 was modified to update contact information. For convenience, the entire Joint Community Relations Plan is reproduced below.

East Side Shoreham Yard Joint Community Relations Plan for 2022

Communications

- 1) In June of each year, CP and Ashland will prepare and issue a concise newsletter providing an update on the progress of Site cleanup to local residents and interested parties, including the representative of the First Ward of Minneapolis, who also serves as the coordinator of the Shoreham Area Advisory Committee.
- 2) CP, Ashland, and/or MPCA will communicate any significant changes to Site cleanup activities that occur during the year to the representative of the First Ward of Minneapolis. CP, Ashland, and/or MPCA will be available to attend meetings called by the representative of the First Ward to answer questions related to these significant changes.
- 3) In the event any field activities are planned to take place within residential neighborhoods, such as drilling or well decommissioning activities, written notification will be delivered to each property within two blocks of the proposed activity. The notification will include the following: brief description of the work to be performed; map showing the work location(s); anticipated hours of work; and emergency contact information. Copies of notifications will be sent via e-mail to MPCA, to the representative of the First Ward of Minneapolis, and to the neighborhood association for the neighborhood in which the work is located.

Availability of Documents

Notification of the posting of key reports (including monitoring data) to the Shoreham repository will be communicated via email to the representative of the First Ward of Minneapolis at least on an annual basis. Copies of all such

information regarding the Site are uploaded on an ongoing basis and may be accessed via the internet at the following website:

<http://www.cpr.ca/en/community/shoreham-repository>

Information Contacts

CP and Ashland technical and community-relations staff have been designated to respond to any public inquiries. Contact information is as follows:

Technical Staff
