Tariff 9 – Automotive Services

Application *Item 1*

In addition to any other applicable tariff, the prices, charges and rules of this Tariff, as amended from time to time, apply. The rates apply as published at the time the service was rendered, in the currency of the country in which it occurs.

Definitions *Item 2*

Vehicle refers to a car, truck, or other object intended for road-based transportation.

Car refers to a railcar.

Automotive services *Item 10*

\$25

per vehicle/multi-level car
\$30 per vehicle/flat car
\$80 per vehicle/pedestal flat car
assessed to the party requesting the
service

\$40

per vehicle
assessed to the party requesting the
service

\$75

per service
anything more than a minor repair or
service will be passed through at
cost plus 25%
assessed to the party requesting or
requiring the service

Loading or unloading vehicles *Item 11*

Loading or unloading of vehicles from railcars, including securing or un-securing vehicle to the car, and movement of the vehicle within the facility.

Gate fee *Item 12*

In-gating or out-gating a vehicle from the facility. Including documentation, preparation, and handling.

Minor Repairs *Item 13*

For performing minor repairs such as boosting a battery, or replacing a flat tire with the spare tire on the vehicle.

\$10

per service
fuel at the higher of \$2.00 per litre or
market rate
assessed to the party requesting or
requiring the service

Miscellaneous minor services *Item 14*

For minor services such as placing manuals or documentation in a vehicle, or other minor services.

\$18

per vehicle per day
assessed to the consignee or party
out-gating the vehicle

Vehicle Storage *Item 20*

Storage fees apply to vehicles not removed from Railway owned storage areas within 48 hours of placement.
